**PRODUCT SAFETY DATA SHEET**

1.	<p><b>a. Product Name:</b> <b>Campylobacter Blood Free Agar Base</b></p> <p><b>b. Product Code:</b> <b>BC2112</b></p> <p><b>c. Product Formulation:</b> <b>Peptone mixture, sodium chloride, bacteriological charcoal, sodium desoxycholate, sodium pyruvate, ferrous sulphate and agar.</b></p>
2.	<p><b>Hazard Identification:</b> Contains no hazardous substances in reportable quantities.</p> <p><b>Symbol:</b> None required.</p> <p><b>Phrases:</b> None required.</p>
3.	<p><b>Transport Information:</b> None required.</p>
4.	<p><b>Regulatory Information:</b> This product requires no special labelling in accordance with UK or EC directives.</p>
5.	<p><b>Physical &amp; Chemical Properties:</b></p> <p><b>a. Physical Description:</b> Fine beige coloured powder.</p> <p><b>b. Chemical Properties:</b> Soluble in hot water.</p>
6.	<p><b>Fire Fighting Measures:</b> Use water spray, foam, dry powder or CO<sub>2</sub> as the extinguishing medium.</p>
7.	<p><b>Health Hazards:</b> This product is for laboratory use only and is essentially non-hazardous if used as directed. This product should not be taken internally. Inhalation of fine powders may be harmful causing irritation of the upper respiratory tract. Prolonged skin contact with powders may cause mild skin rashes to some individuals.</p> <p><b>Toxicological Information:</b> Sodium desoxycholate is labelled as harmful if swallowed and irritating to the respiratory system. At the concentrations provided however the medium requires no hazard labelling. There is no evidence of any toxicological effects.</p>
8.	<p><b>First Aid:</b></p> <p><b>a. Eyes</b> Rinse eyes immediately with water for 10 to 15 minutes with eyelids open. Seek medical advice if irritation persists.</p> <p><b>b. Ingestion</b> Wash mouth out with plenty of water and seek medical advice.</p> <p><b>c. Skin Contact:</b> Wash skin thoroughly with soap and water. In the event of redness or itching seek medical advice.</p> <p><b>d. Inhalation:</b> Remove subject from source of exposure. Seek medical advice.</p>

9. Stability & Reactivity:	Essentially stable and non-reactive.
10. Accidental Release/ Spillage Measures:	Wear appropriate protective clothing.  For small amounts wash to drain with plenty of water. For large amounts, sweep or vacuum up and arrange for disposal.
11. Disposal:	No special requirements. Dispose of by incineration or via an authorised disposal tip.
12. Exposure Control and Personal Protection:	Weigh out in a ventilated area e.g. in an extraction hood or wear a dusk mask or respirator for large quantities. Eye protectors may be worn to prevent irritation to the eyes.  Protective gloves may be worn to prevent mild skin rashes on prolonged contact.
13. Ecological Information:	This product should provide no ecological threat in use or on disposal if used in the manner prescribed.
14. Storage & Handling:	Store at room temperature (unless otherwise stated) with all containers tightly closed.  Protect from exposure to bright light e.g. sunlight.
15. Other Information:	Compiled with information from Suppliers safety data sheets, Merck and Sigma/Aldrich/Fluka databases. This product is intended for <i>in vitro</i> diagnostic use only.  The information herein is believed to be correct as of the date given, and excludes any guarantee related with the final use given to the product, the recipient being the last responsible for observing the local laws applicable in each case.
